

6-27-92 King Reunion, KY

Note
These are
to Charlotte
from Pat
Not minutes. Pat & Charlotte were brainstorming
after the 1992 mtg on how to finish

Ideas for "The Book" that were mentioned at
reunion, + some that popped into my head -

"Nathan's
Book!"
(CW)
2009

1. Summary of Kings from Wm. King down to Nahum
2. Kings Valley community / Benton County history
3. Meek Cut off saga
4. DLC's - info + maps
5. Cemetery listings
6. Separate volumes for each of Nahum/Sarepta's children - or chapter for each
7. Bibliography - of all published sources about Kings such as Braslet, Overlanders, etc.
8. Letters, such as Steven/Maria's from K.V., etc.
9. Pictures
10. I have a neat computer program called "Footprints in History" that lists chronological order of notable events in history - + you can ~~you~~ insert notable dates of interest to family - kinda puts family history into context WITH American/world history.
11. Listings of all known descendants - in a simple format, not using horrendously complex codes!
my computer program will generate one - could use as a starting point, but is limited only to what I have in my database - 3000 names or so.
12. U.S. Census data?
13. Reprints of newspaper articles on family history - or else retype them, depending on readability
14. articles on inter-related families

Footprints
in History

Send it -
maybe I could
get one too

6/27/92 page 2

Book Ideas, continued

15. Military service info on family members
16. Ft. Hoskins info
17. Oral history write-ups. (Cov. Public Library has a number) - I was thinking about interviews that already took place, years ago - but it cd also include newer ones.
18. Something about Nathan Olney, who guided the Kings along the trail
19. A list of unexplained ancestral ~~myst~~ mysteries - such as ~~some~~^{William} King's wife that we never resolved for sure - maybe someone out in the world can help solve them.
20. Old family recipes, if any
21. Family legends (true or false) - such as "Martha UB was an Indian"; etc.
22. Maps showing where Kings lived in England, Mass., Ohio, Mo. & Ore. + Trail routes
23. A thorough index!

Mary
Andrews
or Hannah
Mitchell
exact location
Natum / Saepia
graves

Suggest later on - have committees assigned to parts of the project - also cd have committee work sessions periodically, etc. - in addition to annual reunion.
